I think

pointed out by the District Magistrate of Kolar, Viz. Law & Justice.

With regard to the particular item of Rs.21,000 and odd, referred to in the District Magistrate's letter, it was under Dr.Smeeth's order credited to Geological Department under the Head of Miscellaneous Receipts and the fact was communicated to the Special Magistrate, Kolar Gold Fields. Had the Magistrate pointed out at the time the proper Head of Credit, probably the transfer would have been made. It appears to be now too late to do so as probably the Comptroller's books for 1909-10 have been closed. The particular item in question may be left as it is and orders issued that in future the amounts should be credited to Law and Justice under the proper head.

Offg. Secretary to the Government
of His Highness the Maharaja of
Mysore, General and Rev. Depts,
Bangalore.

Sir,

In submitting herewith copies of the marginally noted correspondence received from the Kolar Gold Fields Special Magistrate's Court amount gold etc., ordered by that Court under section 517 of the Criminal Procedure Code to be sold, and the proceeds thereof credited to Government under "Law and Justice",

1. Kolar Gold Fields Special Magistrate's Letter No. 170 dated 19th October 1910 addressed to the District Magistrate Kolar.
2. Geological Secretary's No. 14/76 dated 23rd December 1909 with its enclosures addressed to the Special Magistrate, Kolar Gold Fields.

I have the honour to state that the properties having been sent by the Court from time to time, to the Geological Department for being kept in safe custody, refined and sold, and the proceeds credited to Government under the said section of the Criminal Procedure Code, the credit should naturally be given to "Law and Justice" instead of to "XVI/XIV Scientific and Minor Department" which is only an agency, as it were, employed by the Court to convert the properties so ordered, into cash.

2. Accordingly, when the Agricultural Chemist, on a former occasion made a reference to

etc., analysed should generally be considered the property of laboratory making the analysis, the Government were pleased to overrule it and direct* that they, after analysis, should be returned to the Court by which it was sent, for disposal.

3. I, therefore, request that you may be so good as to obtain the orders of Government to have all the realizations till now made and those that may hereafter be made out of gold etc., sent to Geological Department, credited to the Kolar Gold Fields Special Magistrate's Court under the head "Law and Justice."

Letter No. 170 dated the 19th/22nd October 1910 from the Senior Assistant Commissioner and I Class Magistrate, Kolar Gold Fields, to the District Magistrate, Kolar District.

In forwarding herewith copy of letter No. 1476 dated 24-12-'09 received from the Secretary to the Government of His Highness the Maharaja of Mysore, Geological Department for your information, I have the honour to point out that the Sale proceeds of the gold in my opinion should be credited under the Head "Law and Justice" in the name of the Courts concerned to the extent of the value realized, instead of the Head "XVII XIV (4), (2), Scientific and Minor Departments, Geological Department" as it ...

I would therefore request that you will be so good as to move the Secretary to have the Sale proceeds realized from the gold despatched from this Court credited as the Realizations of the Sale proceeds of this Court under the Head "Law and Justice" and to have the Treasury accounts corrected accordingly.

To

P. F. Bowring Esquire
Assistant Commissioner and
I Class Magistrate, Kolar Gold Fields

Sir,

In reply to your letter No. 298 dated 13th December 1909, I have the honour to inform you that most of the Sponge and bar gold and gold jewellery etc., confiscated to Government in cases of theft from the Kolar Mines and received in this office with the communications referred to in the

list of enclosed herein have been refined in this office under my supervision and disposed of. The total quantity of the material treated was 1297 7/16 tolas and yielded 947 5/16 tolas of refined gold. The net realization from the sale of this gold was Rs. 21,957-0-10 and this amount has been credited to Government in the State Huzur Treasury under the Head ~~XIV~~ XVI, (4), (2) — Scientific and Minor Departments, Geological Department, other items.

2. The items referred to in the enclosed list B, forming part of the consignment received with the communications noted therein have been retained in this

this Department as typical samples for Exhibition and other purposes or set aside as containing no gold or being of no value.

3. The bags of quartz and sand and a small quantity of Mercury have not been dealt with yet.

I have the honour to be,
Sir,
